

## **MODULES**

| No. | Module Title                          | Credits | Semester | Grade(%) | Level |
|-----|---------------------------------------|---------|----------|----------|-------|
| 1   | Human Dimensions of Computing         | 30      | AB       | 69.85    | 4     |
| 2   | Models and Methods in Computing       | 30      | AB       | 92.0     | 4     |
| 3   | Platforms for Computing               | 30      | AB       | 84.0     | 4     |
| 4   | Programming                           | 30      | AB       | 90.2     | 4     |
| 5   | Algorithms and Data Structures        | 15      | A        | 97.0     | 5     |
| 6   | Artificial Intelligence               | 15      | A        | 84.5     | 5     |
| 7   | Computer Science Development Exercise | 30      | AB       | 75.0     | 5     |
| 8   | Contemporary Issues                   | 15      | A        | 75.0     | 5     |
| 9   | Database Concepts                     | 15      | В        | 68.5     | 5     |
| 10  | Operating Systems and Networks        | 15      | В        | 95.4     | 5     |
| 11  | The C Family                          | 15      | В        | 85.35    | 5     |
| 12  | Computer Systems Security             | 15      | A        | 90.0     | 6     |
| 13  | Machine Learning and Neural Computing | 15      | В        | 83.0     | 6     |
| 14  | Object Oriented Development           | 15      | A        | 69.93    | 6     |
| 15  | Programming Paradigms                 | 15      | A        | 68.4     | 6     |
| 16  | Project Planning                      | 15      | A        | 83.5     | 6     |
| 17  | Software Engineering Practice         | 15      | В        | 50.95    | 6     |
| 18  | Software Engineering Project          | 30      | В        | 82.6     | 6     |
